Representative John McCoy **Representative Mike Sells**

38th Legislative District

How You Can Reach Us

We're John McCoy and Mike Sells, and we're proud to serve your 38th Legislative District in the Washington State House of Representatives.

Our legislative district includes the communities and neighborhoods of Everett, Marysville, and Tulalip. It is a great honor to help represent our region in the state capital!

Whether we're in Olympia during the legislative session or at home the rest of the year, our legislative priorities stay the same. Our job centers around improving the lives of all Washingtonians by finding ways to strengthen schools, foster economic development, and provide affordable health care. How can we best improve our towns, our state, and our country? Well, our firm belief is that we won't get anywhere without an emphasis on *Working Together*. As legislators, we answer to you and our other neighbors who need special attention:

- **Young people who have just started out.**
- **Families who have worked for years getting settled.**
- **Senior citizens who have invested a lifetime making this country a better place.**

We will work *with* you. Always.

Lindsay Bull, Representative McCoy's assistant, and **Kat Overman**, Representative Sells' assistant, join us in encouraging your calls, letters, and e-mails. We want to hear your opinions about the Legislature, about state government, or about anything else that's on your mind. It's our privilege and responsibility to work with citizens in a swift, professional manner.

How We Can Help You

**You're always welcome to contact us,
especially when:**

• You have a problem with a state agency.

If you're having difficulty getting an answer from a state-government office, don't hesitate to call or write us. We'll listen to you, and we'll do our best to help find answers you need to get your questions and concerns taken care of.

• You have a comment about a proposal in the Legislature.

To serve Snohomish County most effectively, we need to know what you think about legislative proposals.

Please call or write if you want to know details about a proposed law or some other legislative matter you've come across. We'll send you a copy of the bill and other relevant information about it. Our job is to do whatever it takes to answer your questions.

• You have a legislative idea of your own.

Contact us whenever you have a plan you think should become state law, or if you want to abolish a current state law. No doubt about it: Ideas from citizens often make the most sense!

• You have a desire to testify on a bill.

If you feel strongly about a bill or issue, please consider testifying before a legislative committee. Representatives and senators need to hear what you think!

Our offices can make sure you get information about the scheduling of committee-hearing dates.

• You have a need for any other general assistance on state-government questions.

If you want a suggestion to help resolve any other problem, we promise we'll do our best to help out! We said it before, and we'll say it again: We will work *with* you. Always.
